

May Dawn Chorus Walk

Longueville House , 14th May, 2017

Come join Michael Cobley (chair of the West Cork branch of **Bird Watch Ireland**) this year for another morning or evening - your choice and explore the magnificent grounds of Longueville House on foot - right here on your own doorstep!

What happens?

Participants meet at Longueville House Hotel. A brief orientation & maps distributed of various sites on estate. Participants set off on tour with Michael. Later the groups return home to clean up & enjoy a hearty country house breakfast/ light supper (for evening participants). In Longueville we place as much emphasis on the reward at the end of a walk as the actual walk itself!

Afterwards a cosy chat, questions & answers session in the drawing room by the fire. Longueville is known for its more intimate chorus walks, in luxurious surroundings, allowing participants to benefit from more of the guide's time & attention.
