## WELCOME

Welcome to Longueville House, a stunning 300-year-old Georgian Country House hidden in the heart of a picturesque and private 400-acre wooded estate in the Blackwater River Valley, North Cork, situated at the gateway to the Southwest of Ireland.

Our Exclusive Hire, 18<sup>th</sup> century listed home is a very much sought-after Wedding Venue. Each year, the house accommodates a select number of intimate, low-key, bespoke wedding events.

Here at Longueville, we specialise in micro weddings, where attention to detail is a priority, meaning we accommodate and cater exclusively for a maximum of 30/40 *resident* guests.

Being an Exclusive Hire venue, couples privately book the full services which guarantee privacy, flexibility, and the full undivided attention of our dedicated staff. Whilst owners William and Aisling, your hosts, keep a keen eye on the events throughout the special day.

The estate also contains a 30-acre cider apple orchard used to produce on-site award-winning artisan cider, some of which is double distilled into an apple brandy.

Our charming guest bedrooms and our farm to fork dining experience, coupled with years of practical experience will ensure *Your Perfect Day*.

## WEDDING DINING AT LONGUEVILLE

Longueville's field to fork ethos ensures the seasonal food produced is lovingly prepared from scratch and cooked to order.

For over 35 years, Longueville has been committed to reducing their environmental impact on a day-to-day basis. Chef/patron William O'Callaghan oversees the gardens and farm ensuring that ingredients come from a selection of local artisan producers as well as the estate, depending on the season. Fresh river salmon and brown trout are available when in season, coming straight from our stretch of The Blackwater River.

All vegetables, oriental greens, herbs and much of the summer and autumn fruit are grown in the 3-acre walled kitchen garden and poly-tunnels on the east side of the house, carefully toiled by our gardeners. The busy Longueville bees live in the orchards producing honey for the house.
